35 Watt, 12V bulbs

Easy, one hand, light tilt adjustment

*See defects,
avoid costly rework*

Easy access
on/off switch

Strong, light, durable,
aluminum diamond plate
welded construction

Quick height
adjustment washer

4 models to choose
from! Shown: Model LT3200

Adjustable, mobile
tripod stand

Shown: Model DL9648

Superior lighting for:

- Sanding tables
- Quality control
- Automated spray lines
- Wide belt sanders

Save time and money by speeding up production and avoiding costly rework. See scratches, swirl marks, and other imperfections before material is finished. Non-glaring flat beam bulbs illuminate work while eliminating eye strain. 12-volt transformer allows light to be on all day while keeping heat output to a minimum. Welded diamond plate construction provides greater durability. Superior lighting for sanding tables, wide belt sanders, and automated spray lines.

Sand Pro LT-Series

Low Angle Inspection Lighting

Specifications
