

Sand Pro SBP108

Portable Sanding Booth

- **Powerful** (9,300 CFM)
- **Quiet** (70dB)
- **Portable** (4" Casters)

The Sand Pro SBP108 sanding booth is a self-contained, portable, and economical solution for collecting sanding dust from furniture and case goods too large for sanding tables. Powerful backdraft keeps dust from operator's face regardless of height. Aluminum frame side panels with 40 mil. vinyl are hinged and fold against side of unit when not in use. The top is composed of two (2) easily removable 54" wide & 44" deep panels. If a clean work environment is your goal, this versatile sanding booth is a great economical solution.

Sand Pro SBP108

(Self-Contained Sanding Booth)
